- NL Neontester**
Controleert of er voldoende voltage (in 5 niveau's) op de afrastering staat.
- F Testeur Néon**
Outil de contrôle pour vérifier l'état de votre clôture. Avec 5 niveaux de contrôle.
- D Zaunprüfer 5-stufig**
Zaunprüfer 5-stufig zur täglichen Zaunkontrolle.
- GB Neontester**
5 Highly visible neon indicator lights show approx. Voltage readings. With handy pocket clip.
- S Neontestare**
5 lätt synliga neonindikatorer visar ungefär spänning. Med praktisk fickklämma.
- E Medidor de corriente de Neon**
Cinco indicadores de luz de neon muestran aproximadamente las lecturas del voltaje. Tiene un clip de bolsillo.
- I Neontester**
I cinque indicatori al neon indicano il voltaggio approssimativo della recinzione.

ES01003

This symbol on the product or its packaging indicates that this product must not be disposed of with other waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your local city recycling office or the dealer from whom you purchased the product.

How it works,

Five highly visible neon indicator lights show approximate voltage readings,

- Excellent: Greater than 4800V,
- Good: 3800-4800V,
- Fair: 2500-3800V,
- Poor: 1800-2500V,
- Very poor: 1000 -1800V,
- No lights: less than 1000V

From 3000V and greater the fence will be animal resistant.
