1

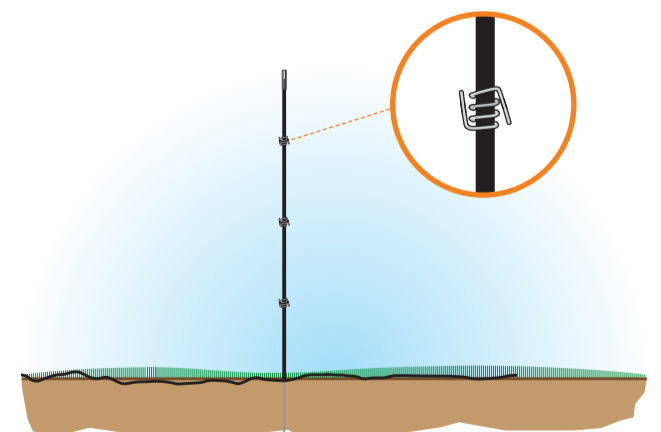

Determine the desired height of your fence
Bepaal de gewenste hoogte van de afrastering
Bestimmen Sie die gewünschte Höhe des Zauns

Déterminez la hauteur souhaitée
Bestäm önskad höjd av ditt staket
Vælg den ønskede højde på dit hegn

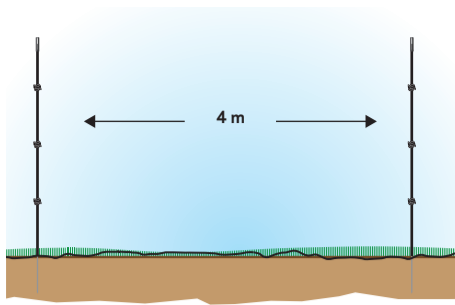

2

Installing the clips and posts
Installeer de paaltjes en de clips
Installieren Sie Klammern und Pfähle

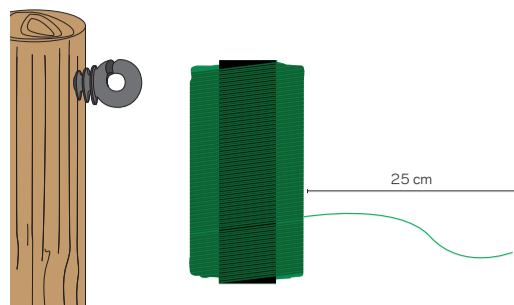

Installez les piquets et les clips
Installera konsoler och stolpar
Monter clips på pælene

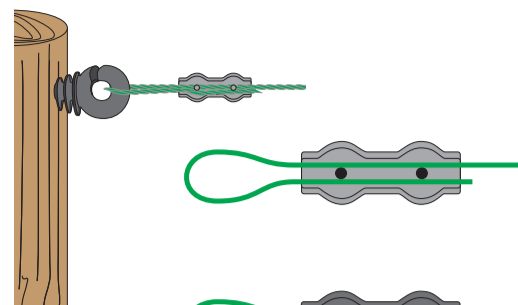

3

Maximum distance of the posts
Maximale afstand tussen de paaltjes
Maximaler Abstand der Pfähle
Distance maximale entre les piquets
Maximalt avstånd från stolpar
Maksimal afstand mellem pælene

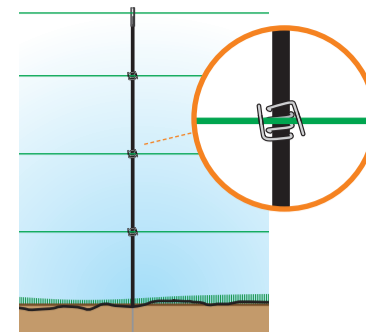

4

Fit wire
Draad monteren
Montieren Sie die Litze
Installez l'isolateur
Monterings gänga
Monter start/slut isolatoren

5

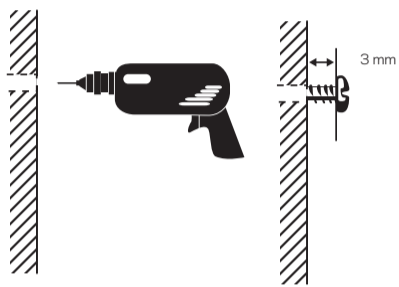

Connecting the thread with the connectors at the end of the fence
Verbind het draad aan het einde van de afrastering met behulp van de verbinder
Verbinden Sie die Litze mit dem Drahtverbinder am Ende des Zauns
Mettez le fil dans le connecteur et sur l'isolateur à la fin de la clôture
Ansluta kabeln till kontakten på slutet av stängslet
Fastgør tråd med trådforbinderne

6

Connecting the wire to the clips
Het draad bevestigen aan de clips
Schließen Sie die Kabel an die Klipps
Connectez les fils sur les clips
Ansluta kabeln till klämmorna
Monter tråden i clipsene

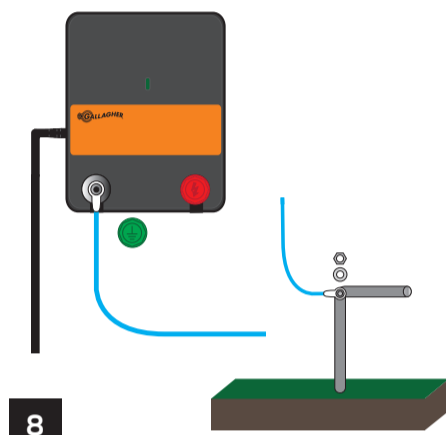

M35

7

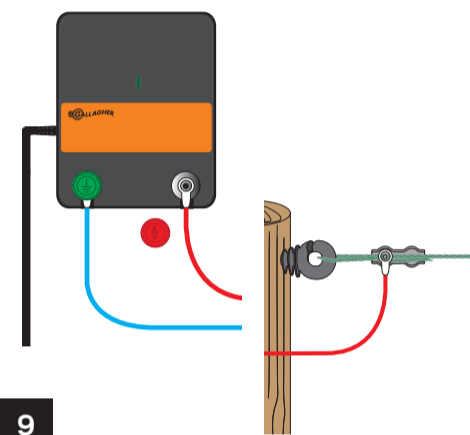

Mount the Energizer

The energizer is easy to install. Mount the energizer on a wall, under cover, out of reach of children, adjacent to a power outlet. Install where there is no risk of the energizer incurring fire or mechanical damage. Install the energizer max 5 meters from the fence

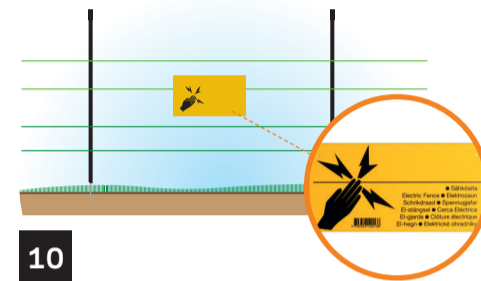

8

Install the Earth Stake and Earth cable
Installeer de aardpen en aardkabel
Installieren Sie den Erdstab und das Erdkabel
Plantez le piquet de terre et connectez le fil sur le bouton vert
Installera jordstav och jordledningen
Installere jordspyddet og jord ledning

9

Connect the energizer to the fence
Sluit het schrikdraadapparaat aan op de afrastering
Schließen Sie das Weidezaungerät an den Zaun an
Connectez l'électrificateur sur la clôture (bouton rouge)
Anslut aggregatet till stängslet
Tilslut spændingsgiveren til hegnet

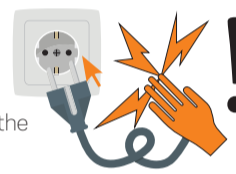

10

Place the warning sign
Plaats het waarschuwbordje
Platzieren Sie das Warnschild

Mettez la plaquette d'avertissement
Placera Varningsskylt
Placer Advarselsskilt

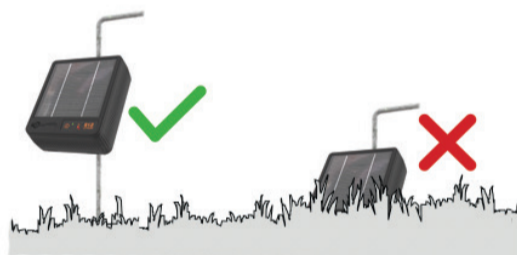

11

Plug the energizer into the socket

Steek de stekker in het stopcontact
Verbinden Sie den Zaun mit der Stromversorgung
Branchez l'électrificateur au secteur
Koppla in strömförsörjningen
Tilslut strömförsörjningen

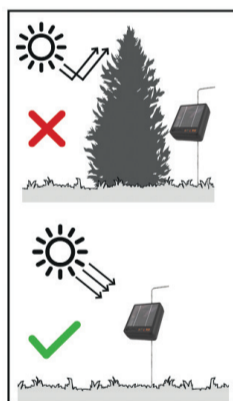

S6

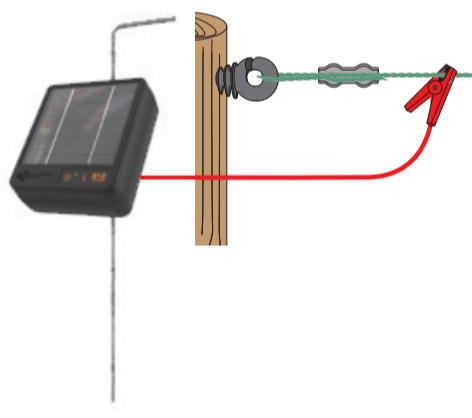

7

Mount the Energizer

The energizer is easy to install. Mount the energizer on an iron pole (or earth rod), out of the reach of children, in an area with adequate sunlight. Install the device in a place where there is no risk of fire or mechanical damage. Install the energizer up to 5 metres from the fence.

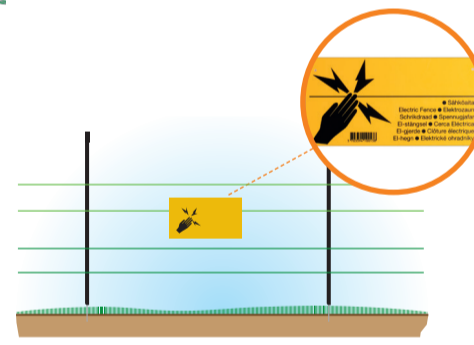

7a

8

Connect the energizer to the fence
Sluit het schrikdraadapparaat aan op de afrastering
Schließen Sie das Weidezaungerät an den Zaun an

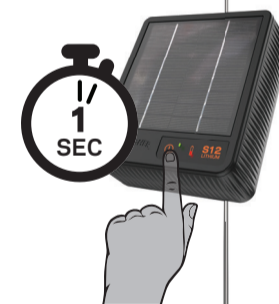

Connectez l'électrificateur sur la clôture (bouton rouge)
Anslut aggregatet till stängslet
Tilslut spændingsgiveren til hegnet

9

Place the warning sign
Plaats het waarschuwbordje
Platzieren Sie das Warnschild
Mettez la plaquette d'avertissement
Placera Varningsskylt
Placer Advarselsskilt

10

Turn on the energizer
Zet het apparaat aan
Das Gerät einschalten

Allumez l'appareil
Slå på enheten
Tænd for enheden

Gallagher has more than 6,000 dealers in Europe and as market leader in electric fencing it always has 100% customised advice.
